

In response to your request for information regarding a golf seat, you can now download a copy of the blue prints for Dennis' specially made golf cart seat. We hope this will enable you to once again be able to play the game you love.

It gives Dennis great pleasure to be able to supply you with these blue prints. Two things not shown on the blue prints are vital and should be kept in mind when using the seat. A strap is necessary across the front. Also the seat must be extremely well padded along the front to prevent skin irritations.

If you know of a golf club or organization in your area that might be interested in presenting THE DENNIS WALTERS GOLF SHOW, we would appreciate it if you would keep us in mind. You can find out more information about Dennis and look at his tour schedule on his web site [www.denniswalters.com](http://www.denniswalters.com)

Please feel free to contact us with any questions or concerns that you may have about the seat. I hope that at some point you will be able to attend one of Dennis' show, because he would love to meet you and I am quite sure you would enjoy seeing his show. You can see his latest schedule by clicking on to his website. Good luck and keep them down the middle. By the way, Dennis' newly published book "In My Dreams I Walk With You" is available on his website or at most bookstores. I know you will enjoy it.

Rope from each handle tied to peg stabilizes wheelchair

Seatbelt (preferably padded) to keep golfer from toppling forward

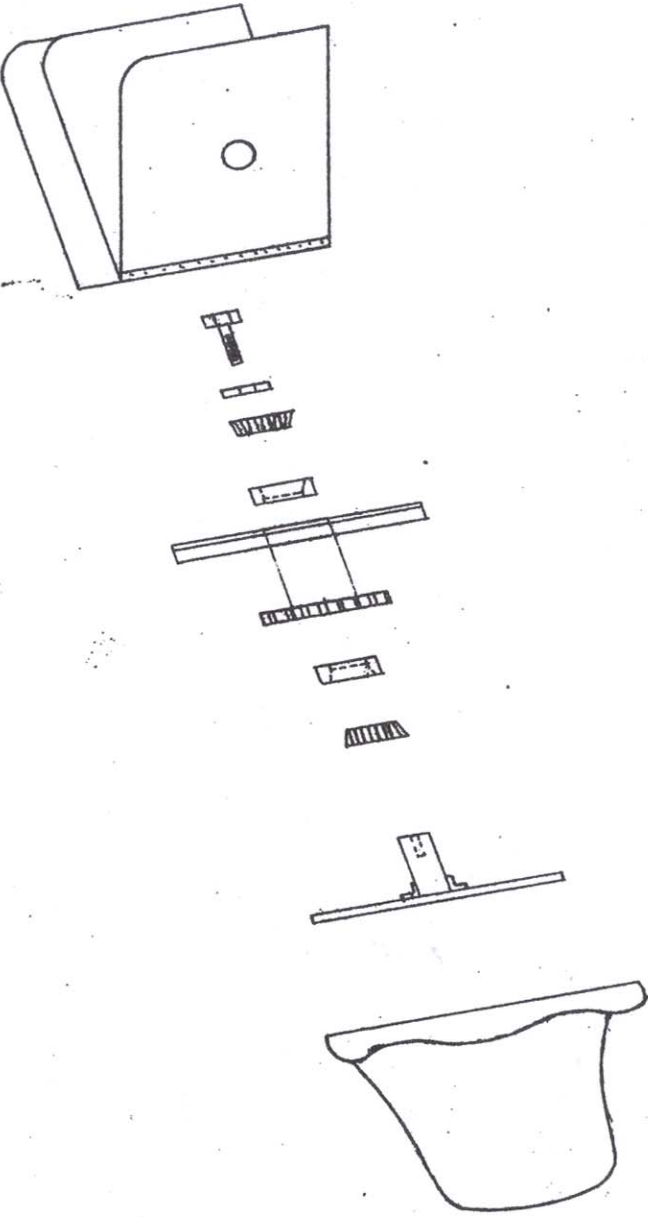

Peg (corkscrew) driven into ground

Cushion to raise up golfer so he/she can swing clean

Dennis Walters welcomes inquiries from anyone who would like to learn more about his method. He can be contacted at:
